

# PATIENCE CORNERS

RAINBOW SCRAP CHALLENGE ROW BY ROW 2016

## FABRIC

Depending on the size of your scraps, you may use 2.5 inch strips of pink as well as 1.5 or 3.5 inch strips of brown.

## CUTTING

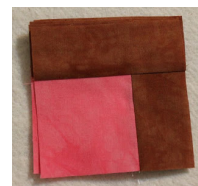

For each block you will need the following pieces:

- 4 - 2.5 inch squares of "background" (I chose pink, but very light brown will also work)
- 4 - 1.5 by 2.5 inch rectangles of brown
- 4 - 1.5 by 3.5 inch rectangles of brown

## SEWING

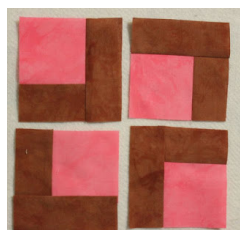

Start by sewing a small brown rectangle to one side of each square. Press toward the brown.

Next, sew a large brown rectangle to one side of each twosie.

## FINISHING

Now you have 4 identical subunits. Arrange them so that two diagonal corners have the brown side toward the center of the block and the other two have the brown side on the outside of the block. Sew together as you would for any four-patch.

When your block is done, the brown will make a visual figure 8. The block should be 6.5 inches at this point. It will finish at 6 inches in the final quilt. You will need to make 12 blocks for the large quilt and 9 for the smaller version.

Keep scrolling down to the last post for today's linky party. I'll link the PDF of this block to this post as well as the RSC16 Sampler tab as soon as it is done.
